Steve,

The way you organized my comments and your responses was so helpful and easy to read. Thank you! I sent back a couple of responses to what you wrote and noticed a couple of places where the helpful "completed, on schedule, etc." icon was missing. You don't need to respond to comments, but add those if applicable and send me the final version. It should be a quick fix.

Leah,
Attached are IDNR's responses to EPA comments to Iowa's FY2014 annual progress report. The EPA comments and DNR responses are copied and pasted into the report, and highlighted in yellow. Also, we added symbols to the report to label whether action steps were completed, not completed, on schedule, or behind schedule. In a few cases, I clarified in the narrative the status of a labeled action steps.

I'll call you tomorrow to explain some responses by phone.

Thank you.
